

Wireless adapter & Home AC Control app

Control your Toshiba ACs, wherever you are, via your home WiFi

OPERATING SYSTEM

Android, iOS

COMPATIBILITY

Daiseikai 9, Shorai Premium, Edge, Seiya, Bi-Flow

LANGUAGES

App is available in 12 languages

CONNECTIVITY

Allows the control of up to 10 different Toshiba AC units

The new **Toshiba Home AC Control application** gives you complete control of the comfort level you want from your air conditioner, wherever you are.

All you need to do is connect your Toshiba A/C to your home's Wi-Fi via the **RB-N101S-G or RB-N102S-G Wireless Adapter** (depending on the compatibility of your air conditioner).

You then download the **Toshiba Home AC Control** app, which is available for smartphones and tablets running Android 5 and later & iOS 9 and later.

Toshiba compatible air conditioners:

Wireless Adapter RB-N101S-G (indoor mount): Daiseikai 9 (all sizes), SHORAI Premium 18-24KTBU / h, SHORAI 18-24KTBU / h, SEIYA 24KTBU / h, MIRAI PLUS 24KTBU / h.

Wireless Adapter RB-N102S-G (mounted externally on indoor unit): SHORAI Premium 10-16KTBU / h, SHORAI 10-16KTBU / h, SEIYA 10-18KTBU / h, MIRAI PLUS 10-18KTBU / h, BI-FLOW (all sizes)

Characteristics

TRULY REMOTE

Want to go home and enjoy the perfect temperature right away? Just use the app on your mobile to control your air conditioner, quickly and easily, no matter where you are.

Did you hurry out of the house and left your air conditioner operating? No problem, with Toshiba Home AC Control you can turn it off from your mobile phone.

Match your air conditioner program to your family's routine to optimize operating time and maximize energy savings.

When at home, simply replace your infrared remote control with the intuitive smart app.

MULTIPLE UNITS, ONE APP

- 1 user can control up to 10 AC units

- 1 AC unit can be controlled by up to 5 users

COMFORT AT YOUR FINGERTIPS

Adjust your air conditioner settings to find the perfect level of cooling or heating for you and your family at all times, no matter where you are.
